

Earthing products Circular Earth Pit

Circular Earth Pit

The circular earth pit has a maximum safe working load of 2,000 kgs. It is UV stabilized against degradation by sunlight and non-brittle to prevent cold weather damage. The unique, detachable easy-locking lid ensures security of equipment as the locking mechanism can only be operated by the special key provided with the housing,

The base has built-in slots for locating earth bars.

Material : High Density Polyethylene (HDPE)
3/8" x 1 3/4" (44mm) stainless steel lock bolt included
Boxes and covers nest in 3 1/4" (83mm) increments
